

Gina has been practicing as an Occupational Therapist since 1995, exclusively in the arena of Acquired Brain Injury; she has been a member of the DMAREhabilitation team since 1998. Throughout her career Gina's clinical caseload has consisted of assessing and treating clients with traumatic and acquired brain injuries. Gina has in-hospital and community experience in assessment and treatment of neurological conditions, throughout Southwestern Ontario. Since joining DMAREhabilitation in 1998, Gina has work as a clinician assessing and treating clients who have been injured in motor vehicle accidents, involving neurological injuries, multiple orthopaedic and soft tissue injuries. Acquired brain injury has been an area of interest throughout her academic history and professional career, with a current focus on evidence-based interventions and research-based report writing.
