Wendy is a Canadian Certified Life Care Planner, having completed the required 120 hours of comprehensive post-graduate training and having passed the certification examination set by the Commission on Health Care Certification. She is a nurse practitioner with 30 years experience working with clients with brain and spinal cord injuries and disorders. Wendy's experience spans the health care settings from acute care to rehabilitation. She worked for many years in acute care settings with extensive experience working within the fields of neurosurgery and trauma care. She has numerous years of experience providing rehabilitation assessment, consultation, and education to clients, families, and referrals sources. Wendy holds certification in Canada as a neuroscience nurse [CNN(c)], and as a rehabilitation nurse [CRRN] in the USA.
